

# ERGOPLACE – Checklist

## 1. Work table

Height ..... mm (top of table)

Width ..... mm

Depth ..... mm

Fixed height

Height-adjustable

Height-adjustable, 2 lifting columns

Manual with crank handle\*1)

Electronic operation\*2)

Height-adjustable, 4 lifting columns

Manual with crank handle\*3)

Electronic operation\*4)

Corner table (additional element for interlinked workplaces)

\*1) max. weight: 300 kg / \*2) max. weight 400 kg / \*3) max. weight 350 kg / \*4) max. weight 800 kg  
With workplace system (max. lift 400 mm)

## 2. Superstructure

Without superstructure

With superstructure (for perforated sheet, KLINK®)

Standard height 500 mm

Desired height: ..... mm

Single superstructure (light load)

Height: ..... mm

Double superstructure (heavy load)

Height: ..... mm

## 4. Bench top

26 mm MDF board with coated edges (synthetic resin)

26 mm chipboard with coated edges (melamine)

26 mm ESD board with edges with conductive coating

50 mm multiplex board

## 4. Tray

Curved aluminium sheet

.....pcs ..... depth (mm) ..... width (mm)

Aluminium profile with micro chipboard

.....pcs ..... depth (mm) ..... width (mm)

Aluminium profile with roller conveyor

.....pcs ..... depth (mm) ..... width (mm)

Tray with insertion holes

.....pcs ..... depth (mm) ..... width (mm)

## 5. Lighting

Deluxe  Deluxe lamp 1

Deluxe lamp 2

Standard  Standard lamp 1

Standard lamp lateral
